Recommendation Letter  
for  
Poland in your pocket

To Whom It May Concern:

It is with much enthusiasm that I recommend *'Warsaw in your pocket'* as a „go to” publication for foreigners visiting Warsaw. This comprehensive and city-tailored guide offers an overview of current events, sightseeing opportunities, restaurants serving traditional cuisine and ample options for spending free time while in town. Maps - both inside the publication and a foldable version are of particular value for those who visit the city for the first time.

For me as an organizer - of significant importance was the ease with which guides became available to the guests of the conference. The support offered by the publisher and staff of IYP City Guides – owner of *'Poland in your Pocket'* and its local editions - was outstanding from the onset. Understanding the needs of the client was always at the forefront of our relation and was much appreciated.

Timely delivery of guides and maps allowed for proper preparation and distribution of welcome packages, to which the guide was a valuable addition. Logistics behind the scenes were never of my concern and hence my sincere appreciation for the staff involved.

I would like to cordially thank the publisher and staff of IYP City Guides and *'Poland in your Pocket'* for their outstanding support.

Whenever you need a comprehensive guide of any of thirteen cities in Poland – you can be sure IYP City Guides will deliver a professional and valuable product for your guests.

I wholeheartedly recommend cooperation with IYP City Guides - *Poland in your Pocket*.

Yours sincerely,
